Dear Committee

It has come to my attention that you are considering several bills that would be back tracking all of the progress that has been made in reforming the ways we deal with youth and the criminal system. We do not need more detentions that then become a pathway to prisons. We need programs that have shown to be effective in helping troubled youth. I urge you to not react to misinformation about youth crime, but to build on the progress that has been made and help CT move forward.

Sincerely
